NUMBER 28

Sugar Company Pays Half Million Dollars

Go to Farmers for Beets— Factory Men Get \$22,500, Farmers Get Raise in Price of Beets and Conveyors for Unloading Purposes.

Wednesday was pay day at the Lehi factory and checks amounting to \$22,500 were paid to the employees who work in the Lehi factory the cutting stations at Provo and Salt Lake.

Monday will be pay day for the factory and checks amounting to \$22,500 will be distributed among them for beets delivered during October. This money will be paid in Utah County from Salt Lake north to Lehi. Some will go to Salt Lake County, and some to Wasatch County.

The money that will pay a big part of the taxes. Many of the merchants are making special sales, and many are hoping to get a part of the money in some way or another.

There was a better fall for the beets, and the result is that only ninety-eight per cent of the beets are now in the factory sheds or at the Salt Lake County cutting stations, or those at Springdale, Mapleton and Pleasant Grove.

Mr. Austin estimates that there is about 130,000 tons, and the sugar content will come near the factory a record for tons of sugar produced.

The factory is making the best extension in its history. Less sugar is being down the sewer than ever before. This is usually due to the fact that have been made in the process department of the

Stimmel, the new man in the factory, is largely responsible for the changes, though Superintendent says that never before did he pay closer attention to their

The sugar company issued an announcement Monday that pleased the farmers immensely, and means a raise in the price of beets this year. The new contracts that have been gotten out provide for a raise in the price of beets.

Commencing with \$5.15 per cent beets, an additional 15 per cent increase in saccharine. The beets giving 15-12 per cent will be paid \$5.10 per ton, 16 per cent \$5.20, 18 per cent beets \$5.30, etc. On this year's record the beets would have been paid \$5.20.

The beets in the Lehi district two years ago they would have gotten \$5.10 per ton. This will affect the beets in the same district. Spanish Fork, Payson, Elsinore, Jordan, Garland and Idaho will be separate districts, and the beets of all the beets in each district will be taken as a basis for pay.

The increase in the price of beets is on the supposition that the tariff note will be maintained. President Wilson and Secretary McAdoo of the treasury favor it, and there is little fear of its reversal.

Another feature that will please the farmers is the announcement by the company of its intention to install belt conveyors for unloading beets at the sheds. The only one in the United States is at Layton.

The main belt is thirty inches wide, 1,000 feet long and conveys the beets to a distance of almost 50 feet from the wagon dumps. The

Thanksgiving Carnival Preparations Progressing

The Second Ward Committee on the Thanksgiving Carnival held a meeting Tuesday afternoon and perfected some of the arrangements for its week of bazaar, meals and entertainments. All other meetings and social functions in the ward will be suspended that week, and if the committee has its way the Carnival will eclipse everything else going on in other parts. No decision has been definitely reached, but it is probable that the Royal will be given over for Carnival purposes four nights, Smuln's Academy one night and the Tabernacle the other night.

Monday night will open with what is planned to be the best vaudeville ever given in Lehi. Much outside talent will be used.

Tuesday night will be the musical evening, and it will be an evening of musical novelties. There will be selections on every known musical instrument, from the pipe organ down to the Jew's harp and tin whistle. And by the way, Nat Pierce of Pleasant Grove, on the tin whistle is a night's entertainment of itself. Between the musical numbers will be dialect readings in Swedish, Irish, Dutch, etc.

Wednesday will be mutual night when Messrs. Johnson, Bension, Miner and Mrs. Dulcie Francom will present the program. Details of this will be in our next issue.

Thursday will be a special program of vaudeville, with more high class vaudeville before and between the reels.

Friday will be dancing night in the Smuln's Academy. A special program of fun and dancing contests will be given. It will include exhibitions of the original turkey trot and other dances. A turkey will be given away. This grand ball will be intended for both the single and the married folks.

Saturday night will close the week of festivities with a production by the famed Lehi Home Dramatic Club. Mr. M. W. Ingalls, with F. A. Child as his assistant, is training the Theatians.

Season tickets to all the entertainments, having a combined value of \$2, will be sold for \$1, and will be taken around by young ladies.

More Cedar Valley Dry Farm Yields

Nearly 30,000 Bushels of Dry Farm Grain Harvested This Season, Besides 15,000 Bushels of Irrigated Grain.

Two weeks ago we gave a partial list of the dry farm yields in Cedar Valley. Following is a completed list of the yields and the men who grew them:

	Wheat	Rye
James Carson	32	64
David Carson	81	
David Prior	230	726
William Daw		422
Harry Mair	906	
Mike Reska	747	191
M. T. Turner		43
David Thomas	1,452	
William Thomas	1,280	
J. E. Gullion	527	
Warren Carson		132
Arthur Hawkins	1,078	
B. Y. Mulliner	849	
Dr. H. C. Holbrook	2,208	
Peter C. Adams	394	
David Berry	184	
James Bushman		53

This, together with that previously reported, makes a total for the year of 23,789 bushels of wheat and over 5,000 bushels of rye. Besides this there was a total of nearly 15,000 bushels of irrigated grain grown in the valley. The coming year promises to be the biggest yield in the history of the valley, as a larger acreage than ever before has been planted this fall.

Avoid chilly rooms in the morning by using Cole's Hot Blast Range. They prevent colds and sickness.

Council Makes Official Count

Comer Gains 4 Votes and Peterson 9 Others Are As Reported — Many Widows Have Taxes Remitted—Will Improve State Road.

The City Council held a regular session Tuesday evening and canvassed the returns from the recent election returns. There was no change in the general result, though there were slight changes in two instances. G. L. Comer's vote was 238 instead of 234, bringing him within 6 votes of tying I. W. Wing Jr. Leonard Peterson gained 9 votes in the official count.

Applications for remittances of taxes from many widows were made. All were granted relief, the amounts ranging from \$2.50 up to \$15, and the whole totaling \$231.35. A number whose taxes were remitted last year had no applications in this year. When they are all in, the total will probably aggregate over \$260.

The committee on library was authorized to consult with the librarian and place an order with Ralph Letter for \$20 worth of magazines for the city library.

The recorder was instructed to look up the insurance on the city pavilion and not let it run out.

The committee on streets was instructed to make arrangements with the county regarding commencement of work on the state road in the city limits. The principal part of the work will be done between the People's Co-Op and the San Pedro sugar factory crossing. If any of the appropriation then remains unexpended it will be used on other parts.

Boy Nearly Electrocuted

Picks Up Live Electric Wire in Street and Couldn't Let Go.

Able, the little eleven year old son of Mr. and Mrs. H. J. Evans, had an experience Sunday that nearly ended his life. From some cause, an electric power line wire had burned into and one end fallen to the ground in the street near his parent's home.

Not knowing of the deadly danger in the wire, the young man picked up one end of it. Instantly, he was on the ground writhing with pain and unable to let go. William Worlton happened along just then and pulled the boy loose, else the shock would undoubtedly have killed him. The lad recovered immediately after being disconnected, and suffered no after effects, but will use a long pole in picking up a piece of baling wire in the future.

LEHI'S RURAL ROUTE HANDLES MUCH MAIL

William Hadfield has one of the best patronized rural mail routes in the state. For several successive counts he has exceeded any other nearby routes. During the month of October his special report shows 17,500 pieces of mail handled. This is three times what it was a few years ago. The people on Lehi's Rural Route write lots of letters and read lots of papers.

CLOSES CONFECTIONARY STAND.

The Interurban confectionary store closed its doors Monday and the owners took the stock to Spanish Fork, where they have opened a similar establishment. The young ladies who have worked in the place are Misses Hattie Featherstone, Norma Hammer, Helen Roberts, Mrie McCarrie and Mrs. A. J. Kirkham.

NOT YET NAMED.

Contrary to reports, the First Ward Amusement Hall has not yet been named. A christening, however, will take place in the near future at a party which the ward is preparing to give for this special purpose.

An amusement committee consisting of Leo Goates, H. C. Hart, Carlos Schow, Mrs. A. B. Anderson, Mrs. Mary Maudsley, Miss Mary Powell

RODNEY ALLRED COMING HOME

In a letter received this week it is learned that Mr. and Mrs. Rodney Allred, who have been doing missionary work for the past three years, have been released, and sail for home this week, and will arrive in San Francisco about December 3rd. Mrs. James Allred is intending to meet them at Golden Gate Park.

While in New Zealand Mr. Allred established an agricultural school for the church, attended chiefly by natives, and which is now in a flourishing condition. They will bring two little native born New Zealand children, less than three years of age, home with them.
